

PRESS RELEASE - FOR IMMEDIATE RELEASE

AMVEST AND NEBARI ANNOUNCE A \$125M JOINT VENTURE

NEW YORK, Nov 11, 2021 - Nebari Partners, LLC ("Nebari"), a \$180M AUM mining-focused asset manager based in Miami, and Amvest Capital Inc. ("Amvest"), a specialist investment management and corporate finance firm focused on the natural resources sector and based in New York City; today announced that they have entered into a joint venture agreement with an initial capacity to deploy up to \$125 million in the mining sector.

The joint venture between the two firms will enable Nebari to leverage Amvest's brand name, relationships and analytics in the natural resources sector to hopefully gain an even larger pipeline of mining opportunities. Amvest will be able to leverage Nebari's technical team as well as its balance sheet. Nebari team members in Miami, Anchorage, Madrid, Zug and London will collaborate with the Amvest team.

Gabriel Alonso-Mendoza, Co-Founder of Amvest, stated: "over the years, we have come to know Nebari's veteran mining team and are pleased to finally formalize our combined strengths and confidence in each other's abilities." Stuart Macliver, Co-Founder of Amvest, added, "We are excited about the partnership and are looking forward to offering our clients a new form of bespoke capital to develop their projects."

Dan Freuman and Clark Gillam stated, "Amvest has a phenomenal network in the mining sector. They have worked with over 150 reputable mining companies and we have been very impressed with the breadth of their relationships. In addition, their analytical skills and deal sourcing capabilities will be a key value add for Nebari. We have known and respected the Amvest team for many years and look forward to working with them."

ABOUT NEBARI PARTNERS

Nebari is a mining focused investor which prides itself on its relationships with borrowers, its ability to create unconventional financing solutions, its speed to close and its deep mining expertise. Nebari is a believer in open mindedness on commodity type, stage of development and deal structure.

The team is not a group of generalists: its specialist professionals possess a unique combination of technical, operational and financial expertise having worked at some of the largest mining companies globally. Nebari is actively seeking to partner with motivated and capable management teams looking to accelerate their growth.

The company is headquartered in Miami and its partners and consultants are based globally in Anchorage, Madrid, Zug, and London. For more information visit www.nebari.com.
